

One more reason to #InvestInCanadianHealthResearch

Health research done now benefits Canadians' health both now and in the decades to come.

Ten years ago, 30% of Canadian federal health research grants were funded.

Last year, 13% were funded, most with budgets drastically cut. This year, only 7% will be funded.

Life-changing research needs sustainable funding.

@justintrudeau @janephilpott @ScienceMin @Bill_Morneau please
#InvestInCanadianHealthResearch.
